Opposition Members Agree to
Keep Discussion Within
Reasonable Limits

**NO SITTING WAS
HELD LAST EVENING**

**Leader of Opposition Edward
Michener is Taken Ill With
Appendicitis**

An unexpected change took place in the proceedings of the Legislature yesterday. Following a sitting lasting more than twelve hours in which both sides had shown a determination to hold out as long as possible, it was anticipated that the House would sit again all night but an agreement was reached between the parties whereby

The discussion on the Alberta and Saskatchewan bills was committed to the House by the speaker, and it was expected that the House will be considered within reasonable limits and it is expected that after a short session tomorrow morning the House will adjourn on Monday. The House met at six o'clock yesterday afternoon and both sides have been finding the speaker's strength and several matches have been silent on account of indisposition.

Michener Is Taken Ill

General regret was felt today when it was learned that Mr. Michener would not be present. He left the House during the afternoon and was taken to his hotel and that his condition had been diagnosed as appendicitis. Although he is feeling well tomorrow, it is almost certain that he will not be present since the opening of the House and during the debate on the Alberta and Saskatchewan bills. He has been taken to a rooming house and is being attended to by a physician. He remained in the House throughout the protracted sitting yesterday and spoke for an hour on the forestry bill.

past two a.m. Mr. Michener was receiving medical attention at his hotel last night and on his condition today it will be decided whether he will be taken home or whether he will go into hospital. S. Bacon Hillecks, a member for North Calgary, was also confined to his bed at the hotel last night with an attack of sciatica.

As a result of representations made by an influential deputation from the city of Calgary which waited on Premier Stifton yesterday it is expected

The arrangement will be in the nature of a compromise. Dr. T. H. How, who has given notice of a bill to amend the act referring to Calgary College, will withdraw his bill, it is

understood, and a resolution will be introduced by Premier Sifton or the Hon. J. R. Boyle, Minister of Education, and which will have the support of the Liberal members, to appoint a joint committee including representatives of the senate of the University of Alberta which will investigate the claims of the University of Alberta which will investigate the claims of Calgary Col-

SOUTH SIDE BUILDING NEARLY TWO MILLIONS

Since Last Year, \$13 South Side Building Permits Total \$1,987,691.00.

Up to date, since January 1st, 1912, 813 building permits, totalling \$1,987,691.00, have been issued from the South Side office of the building inspector. Thus, notwithstanding the money scarcity, South Side building permits continue to increase.

The latest budget, as usual, contains a big batch of dwellings, besides a German Lutheran Church, valued at \$11,000; a shoe shop, a garage, and a store.

Though the high-level bridge tends to increase building in the West end, still much building continues east of the C.P.R. tracks.

The following building permits have been taken out recently at the South Side office of the building inspector:

H. L. L. Greenwall, lot 12, block 9, River View Heights, dwelling, \$500.

Mrs. Roberts, lot 11, block 20, King Edward Park, dwelling, \$100.

ORGAN RECITAL AT KNOX.
The inauguration of the new pipe organ in Knox Church attracted a

crowd of lovers of good music to Knox Church on Wednesday night. The recital by Wm. H. Tomkinson revealed the capabilities of the fine organ when played by a master musician. It was the grand volume of rolling musical sound and the lovely lighter notes as brought out in the pretty selection "Forget Me Not." It was the organist's first concert. The choir took no part in the program, but the organist's beautiful preparation for a grand concert, a few weeks hence. The vocal solos of Madame Therese Evanson were worthy of the talented artist, and she won enthusiastic applause at her every appearance.

The audience was not satisfied with "It is Enough," as sung by W. Francis Pirih, and he had to respond to the encore, with "Annie Laurie." His solos, "Macabba" and "A Perfect Day," blended with the accompaniment of organ and violin.

The violin selections by H. Sedgwick were also well received. He added a pleasing variety to the program of music.

The Ladies' Aid of Knox Church are to be congratulated on the success of this enterprise in providing such a grand organ for their church.

The ladies, in turn, are grateful for the generous patronage of the entertainers, whose financial success has made the inauguration possible.

J. M. Douglas, M.P., rose and, on behalf of the audience and the congregation, expressed a vote of thanks to the ladies for the organ and to the artists for the entertainment.

H. J. McDonald, in responding the vote of thanks, remarked that the organ was far from being merely a "chest of whistles."

In reply, Mr. Tomkinson rendered the rousing "Hallelujah Chorus."

REHEARSAL SOCIAL EVENING.
Unity Rebekah Lodge, No. 28 I.O.O.F., held a grand social night in the Oddfellows' Hall, about 19, spent a very enjoyable evening.

The sketch, "A Row in a Kitchen," and the military contest were special features of a long and interesting program.

In the military contest, the gentlemen had to face the audience while trimming a lady's hair. When the five minutes' limit expired, the amateur artists had to wear their creation while the critical ladies ad-judged the winner. It tested the nerve of the men and provided much uproarious fun for the spectators.

Program: Pianoforte solo, Miss Seals; song, selected, Mrs. Seals; song, Mrs. Kelly; reading, Mrs. Hickman; song, Miss Gritter; duet, Mr. and Mrs. Bradford; recitation, Master Gritter; song, Miss Cunningham.

Mrs. Jackson, sketch, "A Row in a Kitchen"; song, selected, Miss White; song, "My Old Shako," Mr. Bradford; refreshments; military competition, won by Tabber and Mr. Seals.

It would test the powers of an expert society editor to describe the appropriateness of the winning chop-ueous to the complexion of the wearers. "God Save the King" ended a good evening's fun.

SOLE WHIST DRIVE.
Tonight (Thursday) the Sons of England will hold a whist drive in the hall, Richards Block.

SOUTH SIDE MARKET.
The South Side market is more crowded now since the farmers are less busy at home.

Timothy hay, per ton \$12 to \$15
Upland hay, per ton \$9 to \$12
Stough hay, per ton \$8 to \$9
Green Feed, per ton \$8 to \$9
Potatoes, per bushel \$2.00 to \$2.50
Caul, per ton \$12 to \$15

HUNTING LOG.
Day and night a hunting gang of workmen are striving to complete the concrete bridge over the C.P.R. tracks for the southern approach to the high-level bridge. The roadway leading in the south end of the traffic deck is now too late to permit the completion of pavement before freeze-up.

Dr. McPherson, who was called to attend her, states that the woman is in a very serious condition, both from the exposure and from the fact that she is suffering from a chronic ailment. Her chances of recovery are slim.

Three Players Released.
Boston, Oct. 8.—Release of three players were announced by the Boston National club today. "Pop" Myers, despite his home stealing capabili-ty of the past season, goes back to the minors. The roadway leading in the south end of the traffic deck is now too late to permit the completion of pavement before freeze-up.

Fred V. Smith is released to the Mobile team of Southern Association under an optional agreement.

DATE OF THANKSGIVING.
Saskatoon, Oct. 9.—The printers of Canada, Archbishop Matheson of Rupert's Land and Bishop Sweeney of Toronto, declared over yesterday's sessions of the Sunday school com-mittee. A resolution will be in the Premier's House asking that Thanksgiving Day in future be late in October as the third Sunday in the month of October is children's day and October 29 a day of special in-terest for Sunday schools.

GRAND RAPIDS ON ATHABASCA TO BE MADE NAVIGABLE

Huge Rocks Menace to Freight
 Laden Scows for North to
 Be Removed

WORK INaugurated SOME
 YEARS AGO IS RESUMED

Two Edmonton Men Tell of 1300
 Mile Canoe Trip in North
 Country

ATHABASCA, Oct. 9.—Charles Hilbert, a summer in these parts, left the work with a large crew of men and a lot of machinery to commence operations in blasting and removing the huge rocks which are in the way of the scows, which are about 130 miles north on the Athabasca river, where there has been an obstruction to navigation for many years. The thousands of tons of freight which leave Athabasca every year for the great North Country, some of which goes right to the Arctic ocean, due to be portaged several miles around the dangerous waterfall, and the announcement that Grand Rapids is to be made navigable and will be welcome news to all who go to those who live to travel north.

1300 Mile Canoe Trip
 The late 24th of July, J. A. McKinnon, of Edmonton, in company with his partner, C. D. McNeill, left Edmonton, arriving at Athabasca to go on a canoe trip of 1300 miles into the heart of the north country. The west by way of Waboway to Fort Vermilion, then to Peace River, crossing, Grand and then back to civilization.

They started on their lonely but interesting journey from Athabasca Lake, crossing first to the Peace River, and then northwest up the Peace River to Sandy Lake, following Sandy Lake Creek into the Wahsean lakes. The country is under water pretty well all the way, so they go through with the canoe without much difficulty. A Wahsean may contain a number of good examples of Indian houses and other views. They followed the Wahsean river to its junction with the Loon river, north of the Park, and went down Loon to the Peace River below Fort Vermilion.

East End in Buffalo Hills
 Back of the Buffalo Hills there is one of the finest land any one would wish to see, and there is no better in the north country. Down the Loon river the country is similar to that on the Wahsean, except that there are many indications of minerals, including sulphur and iron, while at the mouth of the Loon river, which is a tributary of the Peace, there are good indications of oil, and, although the country is not yet explored.

They had a sample of sulphur in cross form and also a sample of water from the same place. The water is so full of sulphur that it is impossible to drink it. The distance from Waboway to Loon River at the mouth of the Loon river, is 22 miles, and in this distance there is a drop of 200 feet with numerous rapids along the route and three portages, most of them small ones. While the Peace River at the mouth of the Loon is a mile to a mile and a half across, the latter is only 50 feet high and gradually rises from this point to 600 feet high at Peace River Crossing.

Had 300 Acres in Wheat
 Arriving in Vermilion Aug. 26, and renting two days they had excellent opportunity of studying the country in and around Vermilion. The Vermilion district is exceptionally fine for agricultural purposes and ranks second to none in the north. The farm of Sheridan Lawrence is worthy of special mention, where he has raised this year 300 acres of wheat, which averaged 18 bushels to the acre. Mr. Lawrence has a fine and very modern and many other modern improvements which are better in many of the more settled districts of Alberta and the West.

Vermilion was left behind on August 28th, and they kept their way up the Peace River to the crossing, which point was reached after 12 very strenuous days of paddling. They continued their way to Grand, then to Sawridge and down the Little River to the crossing, where due to the landing, doing the whole distance of 1,300 miles in a little less than two months.

THEY INSIST THERE IS
 DANGER OF CIVIL WAR

Unions Papers Comment on Church's Speech Concerning Home Rule

London, Oct. 9.—The United Nations commenting upon Right Hon. Winston Churchill's speech insist that home rule is forced through without an election. Ulster will at once establish its provisional government, and civil war will follow. The Telegraph declares that the speech means that the government is prepared to consider the exclusion of Ulster, and regrets that Mr. Churchill accompanied his recognition of the gravity of the position with language which appeared as though assigned to render it necessary. The Telegraph, emphasizing the danger of civil war under the heading "A plain statement of actual facts," declares that the Ulster volunteer strength is now 60,000 and at times there will be 100,000 under arms and of the fates await.

JEAN MASSACRE OF SPANIARDS BY MEXICAN REBELS

Rumors Current That Torreon Has Fallen Before Rebels and Massacre Has Occurred

REBEL LEADER MAN
 REPORTED EXECUTED

Torreon Is Point of Great Strategic Importance—Manufacturing and Railroad Centre

MEXICO CITY, Oct. 8.—With the capture of Torreon by the rebels, rumors have become current of a massacre of Spaniards, which, if confirmed, would approach the horror of the massacre of Chinese in the same city during the Mexican trouble in 1911. No confirmation could be obtained of these rumors, although some details were received of the Federal evacuation.

It is estimated there are between 200 and 300 Spaniards in the city and refugees, who have been in touch with the rebels in that district, declare it has been a common rumor that they would be executed. The Spaniards if they succeeded in capturing the town.

The Spanish minister to Mexico, Leon Colan, was without information last night, further than the reports, but was greatly concerned. Spanish Spaniards, there are a number of French and German soldiers there. Their diplomatic representatives here are making efforts to learn their fate.

Recently was later disproved. They are said to have swooped down unexpectedly upon the town on the last of September, the Federal evacuation after destroying about 1,200 rifles, for which there was no ammunition. An effort has been made by the authorities to keep the news of the affair from the public. The newspapers yesterday even failed to print a reference to the rumors which stirred the town last night. In tanking the capture of Torreon was generally credited and caused a jump of twenty points in the exchange.

WINNIPEG GRAIN MARKETS.

By Bulletin Leased Wire.

WINNIPEG, Oct. 9.—Market was steady all day waiting for the result of the United States Government report. Cables were lower and all prices opened from 1 1/2 to 1 1/4 lower. Receipts were very heavy 1500 cars and 2500 in sight. Offerings liberal and export inquiry was principally for November delivery. Cash demand was only fair all morning. Decline in Winnipeg for the day was 1/4 to 1/2 on wheat. Oats were unchanged to 1/8 lower. Cash prices were off 1/4 on all contract grades of wheat. Oats were unchanged to 1/8 higher and fax unchanged.

When U. S. report was published it showed an increase in wheat 2,000,000 over last year and a decrease in corn of 751,000,000 bushels. This is a slight improvement in the corn over the first of September report and regarded as bullish. Wheat is slightly lower than the first of September, but not enough to be of moment.

WINNIPEG GRAIN MARKETS.

WINNIPEG, Oct. 9.—The market opened here a little weaker, but was steady during a fairly active morning. There was demand for all lines except barley, which is very dull. May wheat seems to have plenty of friends while December is firm. Considering that cables were weaker and receipts as heavy as ever it would appear that the market has plenty of support. A decline in wheat was probably helpful to the bull side.

There was a fairly active morning in each of the No. 1 Northern being in good demand. Export houses are only little buyers. Receipts 1500 cars inspected and 1500 in sight.

The weather is favorable to transportation and delivery. Cables closed Liverpool 1 1/4 to 3/4 lower; Paris 1 1/4 to 1/2 up; Berlin 3/4 lower; London 1/2 lower; and Antwerp 2/8 lower. American receipts Minneapolis 4 1/2 cents; Duluth 3 1/2 cents.

APPROVAL OF MUNICIPAL BONDS BY GOVERNMENT IS URGED AT CONVENTION

Saskatchewan Municipalities Want Provincial Board to Approve Loans to Make Financing Easier on Money Markets of World
—Regina Believes Its Credit Is Already Good Enough.

Regina, Oct. 9.—The advisability of petitioning the provincial government to establish a provincial board to be established to supervise the issuance of the municipal bonds throughout the province occupied the attention of the afternoon session of the representatives of the various cities of Saskatchewan. The outstanding reason advanced for the formation of this board is that it would assist in the selling of the securities of the municipalities without the difficulty that was encountered in a great many instances during the past year.

The following are the reasons that were presented to the meeting in support of the formation of this board:

That the difficulty encountered by western Canadian cities in disposing of their securities is largely due to the fact that the financiers require some assurance that the money was required for bona fide improvements. That the cities of Great Britain had no difficulty in obtaining money for municipal works at a low percentage, owing to the fact that the contemplated expenditure had first to be approved by the local government board.

The establishment of such a board is advocated by prominent British and Canadian financiers.

After a lengthy discussion, a resolution was passed.

Winning Business Men Visit Chicago

Chicago, Oct. 9.—T. H. Deane, mayor of Winnipeg, W. Sanford Evans, ex-mayor and president of the Canadian Club, Hon. D. C. Cameron, lieutenant-governor of Manitoba, Premier Roblin, of Manitoba, N. T. McMillan, past president of the Winnipeg Industrial Bureau, and party, arrived in Chicago yesterday for a two-day visit which is planned to more strongly emphasize the business relations between Chicago and the Canadian city.

A Point of Importance.

Another report current is that Gen. Arthur, who, with a thousand men, left Seattle, three weeks ago, to march to the relief of Torreon, has gone over to the rebels. This lacks confirmation.

The packing plant of P. Burns & Co. is now operating in all departments. There is a daily live stock parade up the chute into the abattoir, and from the shipping platform the various manufactured products are loaded upon wagons and refrigerator cars for distribution throughout the city and country, even beyond the bounds of the Province of Alberta.

The supply of live stock comes from Central and Northern Alberta by the trainload, and is of a good quality. The shipments of products go to all corners of Alberta, across the prairie to the towns and cities of Saskatchewan and over the mountains to the camps and industrial centres of British Columbia.

From pig to pork, from steer to beef, from sheep to mutton, is a brief summary of the complex processes that go on in the Burns Packing Plant and in the process many men are employed both day and night.

NEED NEW WALK AND LIGHTS.

The employees of, and the visitors to the Burns Packing Plant feel the

need of a sidewalk to connect with the street railway. This need will be more felt when rain and snow make the roads in such condition that it will be necessary to wade through drifts of snow or wading mud holes to get between the street car and the Burns Packing Plant.

Street lights would help as a guide along the winding path and prevent many a tumble over roots or into holes or drifts.

BURNS PACKERS PLAY HOCKEY.

There is prospect of a brand new hockey club for this winter's league because among the employees of the new Burns Packing Plant are several hockey experts.

HAMMIS AND COLLIER FACTORY.

The Great Northern Hammer Co., Limited, have bought block 21, south of the C. N. R. and C. T. P. tracks for a factory site between the Great Northern Tannery and Burns Packing Plant.

This fall a temporary frame and brick building will be erected. It will be used later for a collar factory after the new harness factory is erected. Work on the permanent building will start next spring. It will be of concrete fireproof construction, about 150 x 50 feet, with full basement and four storeys high. When in full operation the complete harness and collar factories will employ over a hundred men.

The Great Northern Harness Co. will get their leather from the Great Northern Tannery, which in turn will get its raw hides from the packing plants of the West Canadian Co. on the east and the P. Burns Co. on the west. This factory will furnish an important link in the chain of industries and so help to bring further prosperity to the city and province.

FAVOR NUMBERING SYSTEM.

Residents of North Edmonton are able to tell quickly their address and help to the city of the new street numbering system much better than under the old mixture of names. Many who at first disliked the system are changing their opinion as they become better acquainted with it.

FIRE HALL AT 128 AVENUE SE.

Fire progress is being made with the erection of the North Edmonton fire hall on Thrinacres street and on the new simple system 128th avenue at the corner of 34th street.

SOCIAL AT NORTH EDMONTON.

North Edmonton Methodist church will hold a harvest festival on Sunday, Oct. 12th, with services at 11 a.m. and 7:30 p.m. On Monday evening at 8:30 a big banquet will be held in the church. Mayor Short will preside, and speeches will be made by Mayor Short, Ald. H. B. Smith, Dr. E. W. Allen and others. Songs will be given by Mrs. E. M. Smith and Messrs. Wagar and Gartner.

We are Paying \$75,000

a Year in Salaries

WITH a complete plant and an efficient staff in every department we solicit your consideration. Records show thousands of dollars leave Edmonton yearly. Why?

There was a time when this may have been necessary. Not so now. A visit to our new building and an examination of our complete plant will convince the most skeptical that this necessity no longer exists.

Price being the final consideration any slight difference will be amply repaid by our service. If service is not a consideration with you we hereby offer to equal any reasonable outside price, and promise to surpass any in quality.

Our employees purchase their supplies at home. Help keep Edmonton in the forefront. We guarantee dollar for dollar with any firm in Canada—time, quality, service and price considered.
